Community Care

2025 SUPPORTER IMPACT REPORT

Building a Sustainable Future Together

DONATE 

Welcome & Gratitude

This year, thousands of Arizonans turned to Prisma Community Care for affirming primary care, sexual health services, and mental health support. Because of donors like you, people found more than an appointment; they found care that sees the whole person and honors every identity. **Thank you for standing with us as we advance health equity and compassionate, inclusive care.**

Affirming Care

Whole-Person Health

Prevention

Impact

Sustainability

Thanks to you, we are able to provide care that is both accessible and affirming.

Affirming & Inclusive

Prisma provides care that is inclusive, stigma-free, and grounded in respect for names, pronouns, and lived experience. Our providers and staff are trained in 2SLGBTQIA+ affirming practices, ensuring that every person is welcomed and supported.

Why it matters: Affirming care increases trust, adherence, and long-term health outcomes, especially for communities historically excluded from healthcare.

This is not an extra; it's essential to health.

“*Everyone there has been nothing but supportive and respectful. They address my concerns in a way that makes me feel safe and confident.*” -Prisma Patient

“*Very kind people and the atmosphere is 100% LGBTQ+. I've never seen anything like it in my life.*” -Prisma Patient

Whole-Person Health

Your support keeps affirming primary care within reach so small health concerns don't turn into crises.

Your support opens the door to 2SLGBTQIA+ affirming mental health care for people facing anxiety, depression, or trauma.

Your support sustains stigma-free sexual health services that prevent HIV/STIs & keep our community informed and safe.

Health is more than one visit or one prescription. Prisma integrates primary care, mental health, and sexual health under one roof, so people can access what they need without judgment or delay.

Core services include: annual exams and chronic condition care; psychiatric medicine; sexual and reproductive health (including contraception and cancer screenings); PrEP and PEP therapy and navigation; HIV/STI testing, treatment, and prevention; nutrition support; and gender-affirming care.

Trusted Pharmacy (340B) Program: For those who opt for it, Prisma's Trusted Pharmacy Network offers a seamless experience. From consultations to prescriptions, refills, reminders, and navigating coverage, this network ensures that patients stay aligned with their care plan.

“

“I feel so incredibly lucky that Becca is my therapist. She has taught me how to be my authentic self. I couldn't ask for better care.” -Prisma Patient

Access & Prevention

Prisma makes starting and staying on prevention simple and stigma-free. For PrEP in particular, we focus on **Simple Starts & Clear Steps**. Our transparent guidance covers everything from testing to prescriptions, along with follow-ups by navigators who help with understanding coverage and cost.

We offer personalized care plans that align with real-life demands, accompanied by text reminders and bilingual services. It's PrEP that fits your life.

“*I have NEVER felt so heard and validated when it comes to my medical and personal issues. For the first time in 40 years, I was able to be 100% truthful about my history.*” - Prisma Patient

REINVESTED IN CARE VIA 340B PROGRAM

Community Impact + Trusted Pharmacy Network

Prisma's home at the Parsons Center brings mission-aligned partners together to expand access to care, education, and support services. This collaborative model strengthens the health ecosystem and brings more services to our community in one trusted location.

Trusted Pharmacy (340B) Program – coordinated care, real results:

Prisma's Trusted Pharmacy Network ensures a connected care experience, from consult to prescription to medication support, so patients get timely access, personalized navigation, and ongoing engagement that keep them healthy and in care.

This integrated model also creates a revenue stream that Prisma reinvests directly back into patient care and essential community health services.

“I know things are really rough for the queer community. Thank you for providing a safe place where we can get information and healthcare without judgment.” -Prisma Patient

Financial Transparency

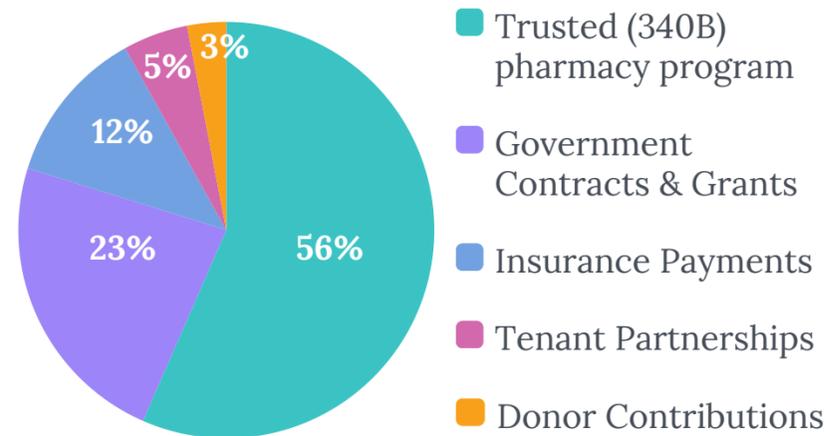

We believe in transparency and open storytelling. These 2024 audited figures show how we fund affirming care, how we invest in services, and where donor support makes the greatest difference.

\$1.25M
ACCESS OFFSET

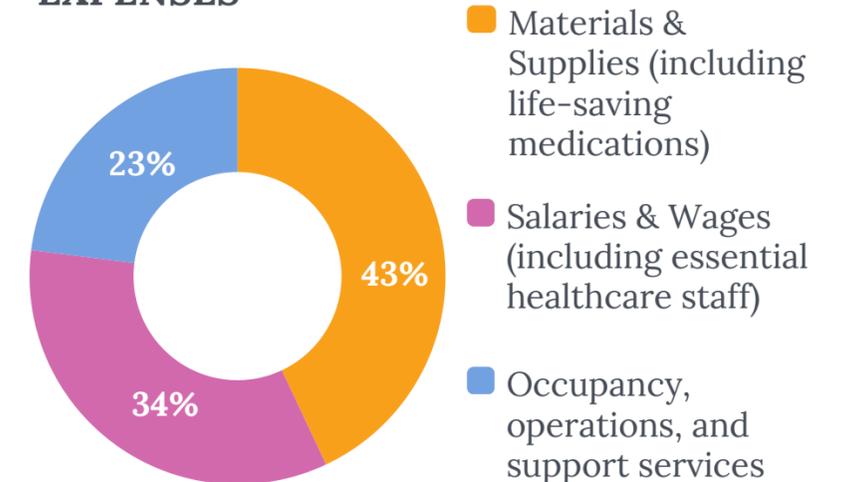

Donor & Partner support to offset patient costs, turning financial barriers into access.

What this means: Donor contributions are a small slice of revenue by dollars, but they're the most flexible and stabilizing funds we have.

REVENUE SOURCES

EXPENSES

The \$1.25M Access Offset is the gap between what care costs and what's covered. It represents real people saying "yes" to checkups, therapy, testing, and treatment. Donor giving bridges delays, protecting core programs, and keeping fees within reach, so dignity never depends on a copay.

Why Give Now

In a shifting political climate, affirming care and mental health need reliable funding. **Your gift keeps access open.**

WHAT YOUR DONATION SUPPORTS

Provide a steady stream of **clinic supplies** (swabs, HIV/STI testing supplies)

Fund outreach materials to **increase patient access** + health **education**

Offset **sliding-fee** gaps so cost isn't a barrier to accessing care

Champion **patient access & awareness** so people **find care fast**

Underwrite **nutrition program** staples, for patients living with HIV

Put your gift towards the most urgent need

Monthly or one-time, your support keeps shelves stocked, outreach moving, care affordable, and helps first-time patients discover and reach us when they need it most.

Build a Sustainable Future

Stand with Care. Stand with Community.

Make your gift today to power a community-led promise: to **protect affirming care for the 2SLGBTQIA+ community and to keep primary care and mental health support safe**. Your generosity builds the stability Prisma needs to keep doors open, providers in place, and a brighter, healthier future within reach for Arizona.

Prefer to make the biggest impact?

Become a monthly donor. Monthly giving turns your values into year-round care. With as little as \$10, you can steady support that helps Prisma stay strong no matter what politics or policy bring.

THANK YOU

We are grateful to our Board of Directors for their leadership and stewardship, and to **you, our supporters and partners**, for investing in health equity and dignity. Together, we're building a sustainable future for compassionate, inclusive care in Arizona.

With gratitude and resolve,

Jessyca Leach, CEO and **Abran Villegas**, Board Chair
